CITATIONS

David M. Weinberg — *Jerusalem Post*

Managing senior fellow, Misgav Institute for National Security and Zionist Strategy. 2 May 2026

“The freshest and most disruptive thinking I have seen about Israel advocacy.”

Weinberg gave a full column to the dossier *Two Middles*, accepting the partisan-sort diagnosis and contesting the two-track prescription. The column ran in six places: **Israel Hayom**, his own site, the **Misgav Institute**, **Israel Behind the News**, the *Jerusalem Post* under a second headline, and in Hebrew in JDN.

David E. Bernstein — *The Times of Israel**Professor of constitutional law, Antonin Scalia Law School, George Mason University.*

25 April 2026

“Zehavi’s argument deserves serious attention because it explains trends that simpler narratives cannot.”

A featured post answering the same dossier. Zehavi answered the objection inside it. The piece also ran in Spanish translation in **Nuevo Mundo**.

eJewishPhilanthropy — *Your Daily Phil**The daily newsletter of the Jewish philanthropy sector.*

12 May 2026

Your Daily Phil made *Israel Brief* its Worthy Reads pick, quoting the argument that “right-wing” in Israel is not a single dial and does not mean what an American listener hears, and sending readers to the full brief.

Nancy Hartevelt Kobrin — *The Times of Israel**Psychoanalyst writing on terrorism.*

15 February 2026

Kobrin opens a post on *Rooted Truth*, calls its legal and historical work disciplined and necessary, says the book deserves wide readership, and builds her own argument on top of it.

The Zionist Podcast*Episode 19, “Life in Judea with Uriel Zehavi.”*

11 September 2026

Seventy-one minutes on the route from progressive American writer to convert and analyst, on building *Israel Brief*, and then on Judea and Samaria at length — the history, the strategic case, the legal disputes, and what daily life there looks like.

BOOKS

Mitzpe Press is the institute’s imprint — five titles from two authors. Alongside Zehavi it publishes Alon Penzel, whose *Testimonies Without Boundaries* records October 7 from firsthand accounts and is a bestseller in nine countries, in seven languages.

Holiday From History*The West’s Delusion of Peace and the Return of War.*

2025

A forensic account of the post-Cold War delusion that disarmed free nations, hollowed out their alliances, and made October 7 possible. The book traces how the political class built the delusion, why it survived warning after warning, and what its collapse reveals about the institutions meant to defend the free world.

Rooted Truth*Israel’s Case Against the Deniers.*

2025

A reference work and an argument. Dismantles the modern libels against Israel — apartheid, colonialism, genocide — and traces their lineage to the Soviet propaganda machinery that drafted the vocabulary now used at the UN, on campus, and through the NGOs that traffic in it. Restores the legal, archaeological and historical record.

Rooted in Judea*Lives and Law in the Heart of Israel.*

2026

A ground-level account of the region the world insists on calling something else. Reports the security geometry, the sovereignty law, and the daily life of the people who live there.

Letters Across the Table*A Jew's Letters to You, My Christian Zionist Friend.*

2026

Thirty-one dated letters across one year, from a Jewish writer to a Christian Zionist friend. Opens a door onto Jewish life: the land in the religion, the calendar built around it, the architecture of forgiveness.
